Peter S. Miller
Carlino Commercial Development
100 Front Street
Suite 560
West Conshohocken, PA 19428

Peter,

I have read the 5/13/18 posting on the "Save Marple Greenspace" website which contains the following statement within it:

Synagogues were not excluded from the public relations campaign, either, because "Wegman's carries a large selection of Kosher food."

I was in attendance for the entire presentation regarding the proposed development of the Don Guanella property on Sproul Road put on by Carlino Commercial Development held at my synagogue, Congregation Beth El – Ner Tamid, on April 30, 2018. At no point during the formal presentation to the group in attendance that evening do I recall such a comment being made by a representative of Carlino nor was there any inference that as a synagogue we should support the development simply because a vendor who carries a line of kosher food would be nearby. I have also confirmed my recollection with another attendee at the April 30th presentation.

Sincerely,

Mark B. Bernstein
